

Service Plumbers:

We are seeking a Service Plumber to join our team! The selected individual will install and repair gas and water supply lines, drainage systems, water heaters, and plumbing fixtures.

Responsibilities:

- Receive service calls and meet with customers to understand their needs
- Troubleshoot, repair, and install plumbing systems, water heaters, and plumbing fixtures
- Tow and operate a hydrojetter
- Review blueprints and building codes to determine optimal work procedures
- Prepare cost estimates on ipad for clients
- Generate invoices, collect payments, and provide receipts
- Leave work area clean
- Adhere to safety policies and procedures

Qualifications:

- Previous experience in service plumbing - including using snakes, cameras, leak detectors, line locators
- Strong sales and customer service skills
- Ability to read blueprints and schematics
- Strong troubleshooting and critical thinking skills
- Excellent written and verbal communication skills
- Ability to handle physical workload
- Clear driving record, drug screen, and background check
- Available for after-hours service calls, if needed
- Able to navigate an iPad and use estimating and billing software
- Company truck/van and fuel card provided.

Compensation based on experience
